

REMARKS

The specification has been amended to add SEQ ID NO:s to sequences in need thereof.

Support for the added SEQ ID NO:'s is found at the sequences in the originally filed specification.

Applicants submit herewith a Sequence Listing and a corresponding computer-readable Sequence Listing. The sequence information recorded in the corresponding computer-readable Sequence Listing is identical to the paper copy of the Sequence Listing. Support for all of the sequences listed in the Sequence Listing is found in the present application as originally filed. No new matter is believed to have been introduced by the submission of the Sequence Listing, the corresponding computer-readable Sequence Listing, and the addition of SEQ ID NO:s to the specification.

Applicants submit that the present application is ready for examination on the merits. Early notice to this effect is earnestly solicited.

Respectfully submitted,
